

Guest Researchers Database (base de chercheurs invités)

By subscribing to the Guest Researchers Database (base de chercheurs invités), you will have access to many services, some of them directly accessible on line:

- Applying for lodgings (hotel accommodation, private residences)
- Putting you in contact with owners of furnished accommodation
- Administrative and legal assistance (visa, social security, banking, insurance...),
- French language courses at preferential rates,
- Cultural activities,
- Help for families.

We advise you to apply even before leaving your home country as a way of better preparing your stay.

Following your application, you will receive an email containing an identification number that you will have to give us in order to benefit from these services.
