PREVENTIVE HEALTH CHECK-UP

International students — Valence — 2024

A free preventative health check-up is offered by the "Centre Santé Jeunes" (Valence Youth Health Centre) as part of your long-stay visa validation.

The health check-up includes:

- A preventive medical examination
- A chest x-ray for tuberculosis detection

1 Register for health insurance ("Assurance Maladie")

Find out if you are eligible on https://etudiant-etranger.ameli.fr/#/
Subscribe to a complementary health insurance policy

2 Make an appointment at the Centre Santé Jeunes (CSJ)

Centre Santé Jeunes
13-15 Place Latour-Maubourg
Valence

04 75 56 62 11
centresantejeunes@mairie-valence.fr

3 Have your preventive medical examination

Bring the following documents to your appointment at the Centre Santé Jeunes:
- Your temporary social security certificate
- Proof of complementary health insurance, if available
- Your immunization (vaccination) record, if available

A voucher will be given to you by the CSJ for your free chest x-ray.

4 Make an appointment at a radiology center

Indicate that you are making an appointment as part of the tuberculosis detection program which is organized by the Centre Santé Jeunes.

5 Take your chest x-ray

Bring the document given to you by the Centre Santé Jeunes to your appointment.
In the case that tuberculosis is detected, you will automatically be contacted by the CSJ.
